Hon. Dwight Whitwell has located in McKinney for the practice of law. He is a graduate of Cumberland University Law School, at Lebanon, Tennessee. Six years ago, he was in McKinney for several months, assisting the County Attorney in special delinquent tax suits, in preparing and filing them. He had since been Assistant State Auditor, at Austin, and practicing law in Dallas. Mr. Whitwell is a son of Dr. E. O. Whitwell, pastor of the Central Presbyterian church of McKinney, and wife. He is a bright, well qualified young lawyer, whom we welcome to our county bar circle and permanent citizenship. Attorney Whitwell, wife and children have been living in McKinney for several years even though his business has taken him to Dallas and the state capitol, at Austin.

Dr. James M. Coleman wife and little son have located in Plano where he will take up the general practice of medicine and surgery. He is a graduate of Baylor Medical college but for the past several years has been with the City hospital, in St. Louis. He is a son of Mr. and Mrs. D. S. Coleman of Plano.

Congressman Sam Rayburn of Bonham will open his campaign for re-election at Rockwall in a speech at 8:00 o'clock Thursday evening, July 12. Friends and the public generally at McKinney and other points over the county are cordially invited to hear Mr. Rayburn, who is recognized as one of the most influential leaders at Washington, D. C. and friends of President Franklin D. Roosevelt and his "New Deal" Democratic administration.

This shop is most modern in every respect, boasting competent and painstaking operators. They are prepared to give all kinds of beauty work, and Mr. Recer cordially invites all the ladies of the city and county through these columns, to visit this beauty shop for all kinds of beauty work.

LITTLE CHANGE IN CONDITION CLYDE MAGERS

The condition of Clyde Magers, 39, of McKinney, who was slugged in the head with an iron pipe at Vickery a few days ago, remains about the same. Magers is in Parkland hospital at Dallas, where he was taken at 1:30 a. m. Sunday by Mrs. A. L. Crosby of Vickery. Mrs. Crosby said Magers was wounded when he was struck by another man during an affary beside an automobile at her home.

Arthur Martin, 32, of Vickery, brother of Mrs. Crosby, was charged with assault to murder in a formal complaint filed Tuesday in Justice John E. Baldwin's Court in Dallas in connection with the slugging. He was placed in the Dallas county jail in default of $1,000 bond which was set by Justice Baldwin in agreement with Assistant District Attorney Henry Tirey.

Magers has been a resident of McKinney for several years, is married and has a family here. His parents, Mr. and Mrs. W. L. Magers, of Alvord, Wise county, came over to McKinney and will visit their injured son in the Dallas hospital. Mr. and Mrs. W. L. Magers are visiting in the home of their son, Mrs. John B. McKinney and family, just north of McKinney.

John Williams, fruit and produce house, first door north of Allen's Market and grocery, is advertising elsewhere in this paper ice cold watermelons for sale. Please take notice and drive by for a luscious ice cold melon treat that is always so refreshing during this hot season of the year.

Dr. J. Knight, on July 9, celebrated his twenty-fifth anniversary in business in McKinney. He came to McKinney twenty-five years ago from Commerce. He has long been engaged in the practice as an osteopath. He is one of our best known and highly esteemed citizens and is being congratulated for having spent a successful quarter of a century in our city. Dr. Knight has a host of friends, all of whom trust that he will be here many more years.

An Appreciated Visit From Mrs. Bettie Willis

Mrs. Bettie Willis, 6911 West Lake street, Dallas, was a visitor to McKinney. Mrs. Willis is a daughter of our lifelong friend, George W. Kennedy, who lived for many, many years east of Plano, where he reared a large family. Mr. Kennedy resides with a daughter, Mrs. Tom Butler, in Dallas, being 83 years of age. He is yet active and in good health. Mrs. Kennedy died some twelve years ago at the old home place, east of Plano.

Fourteen children were born to this happy union, ten girls and four boys. Thirteen are now living, nine girls and four sons, all of whom are married. They have thirty-five grandchildren and ten great-grandchildren. Mr. Kennedy yet owns some 400 acres of land east of Plano. He was a pioneer farmer and money maker of our county, and is now in his old age basking in the happiness of a fine family and enough of this world's goods to keep him on "easy street" until the final call.

Tom Rattan, prominent North Collin farmer of near Anna, has been appointed administrator of cotton marketing under terms of the Bankhead law in Grayson county. He has already gone to Sherman to begin his work. For several months, he has been a member of the State Cotton Board of Review. His wife was formerly Miss Frances Oates, daughter of Mr. and Mrs. Will D. Oates of this city where she was born and reared. Mr. Rattan is a son of Mrs. J. D. Rattan of Anna. His father, now deceased, was one of the leading and most successful farmers of the county when he died a few years ago. The Rattan family is a pioneer one, which came to Collin with the Throckmortons in the latter days of the Texas Republic and settled in North Collin.

TOM M. SCOTT AND FAMILY BACK HOME

Tom M. Scott, wife and daughter, Miss Shirley, have returned from a five weeks summer vacation spent in several states, at the national capital, Washington, D. C. and New York City.

En route they visited Dr. Edwin W. Burton and wife over night at Charlottesville, Va. Dr. Burton, who is a son of Dr. Edwin Burton of McKinney, is on the lecturing staff of the University of Virginia and is recognized as one of the leading eye specialists of the entire country.

While at Charlottesville, the Scotts visited the old homes of Presidents Thomas Jefferson and James Monroe, located about five miles out of town and about two miles apart. They are preserved as shrines of national pride and patriotism in a fitting way and are visited by hundreds of people every year.

Mr. Scott also greatly enjoyed the twenty-fifth annual reunion of his class at the Virginia Military Institute at Lexington, Va. of which he was president. About forty of his fellow classmates were present. Among the most notable members of the class, who of course could not be present, were Admiral Byrd, the famous polar explorer and who is now heading his expedition to the South pole; and the other notable is Hon. Alvin Owsley, the present United States minister to Roumania.

There were about 650 former students at the Commencement exercises of the Virginia Military Institute in June.

The Scotts spent several days in Washington, visiting points of historic interest in and around the city. They visited Judge A. M. Wolford, Congressman Sam Rayburn and other acquaintances at the national capital.

They also spent four or five days in the city of New York.

En route back to Texas they visited at Louisville, Ky., and spent one night in the old Scott home near the suburbs of Louisville that was built in 1790 and in which the late L. A. Scott, president of the Collin County National bank, and father of Tom M. Scott, was born.

They spent about a week visiting relatives in Kentucky. They also visited among relatives of his parents in and around Petersburg and other portions of Virginia.

Altogether Mr. and Mrs. Scott and their daughter could sum up their vacation as one of the most pleasant and interesting that they have ever taken, and shall always remember its experience with the keenest of pleasure.

THREE SCHOOL CHILDREN ARTISTS VIOLIN MUSIC

Members of Henry A. Wiley Camp, No. 29, United Spanish War Veterans, held a monthly meeting Tuesday night at 8:00 o'clock in their meeting place on the second floor of the Daily Courier-Gazette and Weekly Democrat-Gazette office. An enjoyable entertainment feature of the meeting was the violin playing of three talented young McKinney artists—Hugh Kirkpatrick Jr.; Tommie Walden, young daughter of Mr. and Mrs. Ed Walden, and Dollie Mills, young daughter of Mr. and Mrs. W. C. Mills. These McKinney school children rendered three trio numbers that were greatly enjoyed and appreciated b ythe veterans present, after which they were treated to some Colonial ice cream at Cabell's Milk Products plant located on East Virginia street, between the public square and the local post office building.

Mrs. A. B. Griffin, who has been confined to her bed for some time, is improving.

Yancy Powell, who is still confined in the City hospital, is getting along nicely, which will be appreciative news to his many friends throughout the county. Mr. Powell, a former county tax collector, fell and broke his hip several weeks ago, since which time he has been confined at the city hospital.

Enjoyed Vacation

STROUP FAMILY REUNION AT FINCH PARK

The annual reunion of the Stroup-Grisham-Littlejohn and Bailey families is scheduled to be held again this year on the second day of the big McKinney picnic, Wednesday, July 25, in Finch park.

These families mainly came from South Carolina and settled in the Verona community, thirteen miles northeast of McKinney, more than sixty years ago.

The reunion is always held on the second day of the big McKinney picnic and reunion so as not to conflict with the old Confederates dinner and special entertainment features by the Daughters of the Confederacy and picnic officials to the few surviving Confederate veterans, their wives and widows.

The big four-day, county-wide picnic and reunion is staged on the picnic grounds of about twenty-five acres owned by the Picnic and Reunion association, just across the railroad east of McKinney. But, this Stroup-Littlejohn-Grisham-Bailey reunion is held in Finch park in the southern part of town because of special conveniences and facilities provided by the city for such picnic parties and dinners.

FUNERAL HELD AT WESTMINSTER FOR H. D. MULLINS

Funeral services for Homer D. Mullins, about 22, who was found dead at El Paso Sunday, July 1, were held Wednesday at Westminster at 4:00 o'clock with burial following at Elm Grove. The deceased, who was the son of John Mullins, residing several miles southeast of McKinney, had been given an honorable discharge from the Citizen Conservation Corps camp, at El Paso, on Saturday evening.

Death, self inflicted, was the verdict of a coroner, there.

Young Mr. Mullins had been a member of the C. C. C. camp there for over a year enlisting here. His time was out Saturday. He had been given the option of re-entering the C. C. C. for service in the Northern states.

Rev. G. B. Bradshaw conducted the funeral services. The Isaac Crouch Funeral home of this city had charge of burial arrangements.

TEXAS SHOULD PATTERN AFTER SOONER STATE

In speaking Thursday night at Stephensville, Attorney Jimmie Allred, candidate for governor, admonished Texas voters to follow Oklahoma's lead in her state primary Tuesday in defeating the governor's "Crown Prince" protege to succeed him.

"They turned thumbs down on old Honest Bill Murray when he tried to cram a candidate down the throats of the people," Allred said, "and the voters of Texas are not going to let a wood-and-water toter push his crown prince off on them either."

T. L. Prewitt has purchased the nice property at 916 North Church street for a home. The deal was made by Frank G. Dowell of the McKinney Realty company, of course. This property is known as the Rev. McClusky home place. The lot is 100 by 200, being a seven or eight room house. We congratulate Mr. Prewitt upon acquiring this good home.

75 Additions During The Meeting Closes Sunday Wilcox Methodist Revival

The Wilcox Methodist revival, which has been in progress for the last two weeks, came to a close with the Sunday night services, with one of the largest attendances during the entire meeting. Rev. W. N. Vernon, visiting preacher, brought great messages twice daily which was deeply appreciated by the large hearing during the services. R. M. Marsh of Celina, led the singing with wonderful skill, winning his way into the hearts of many. There was a total of 60 professions, with 75 additions to date.

"The entire community has been spiritually blessed during these evangelical services," says the pastor, Rev. Mr. McGown, who wishes to express his appreciation to each and every one who made possible this revival.

JAYCEES OFFER AID TO COLLIN FAIR OFFICIALS

President J. Lovejoy Comegys presided over the regular semimonthly meeting of the McKinney Junior Chamber of Commerce held in the local C. of C. rooms Monday night. Letters were read from Frank Parker Jr., president of the Dallas Junior Chamber of Commerce, thanking the local organization for the splendid entertainment here on July Fourth and the cordiality extended them. Mr. Comegys commended the local members for their help in putting the affair over.

Another letter was read from the Tyler Junior Chamber of Commerce, inviting the local group down Wednesday, July 11, at which time they plan a big meeting, when their national charter will be presented and officers will be installed.

Wilkins Comegys reported on the golf tournament, stating that it is about completed. Quite a number entered this tournament and much pleasure has been gained therefrom. The tourney is being staged at Hill Crest Country club, south of the city.

The president named a committee, composed of the following, Vernon Walker, Guy Walden, Obe McCollum and Merritt Braswell, to work with city officials and local relief officials in exterminating mosquitoes and destroying their breeding places here this summer. The Jaycees have always taken an active part in clean-up drives of this type and they will again be active in every way possible in helping to exterminate these pests again this year.

Names Fair Committees.

President Comegys, declaring the time is ripe to start preparing for the annual Collin County Free fair here this fall, asked the members to be seriously considering it and also urged them to do everything possible toward promoting this annual event. He appointed four committees from the Jaycees to serve as follows:

Picture Show committee (to help arrange for pictures to be shown at series of fair trips this month and next): Jack McCullough, Arnold Shumate, Jimmie Belden and W. A. Lindley.

Speakers committee: W. P. Abernathy, Roland Boyd, Leon O. Moses, M. O. Bozeman and Don W. Bagwill.

Transportation committee Choice McClure, Ted Reddell, Malcolm Walters, Dr. Lloyd Thomas and Leo Spillman.

Committee on re-decorating city coliseum: W. W. Taylor, Warren Hall, James Wilcox, Lynn Boorman and Virgil Hines.

President Comegys named a committee, consisting of Roland Boyd, Wilkins Comegys and Chuck Hitchcock as a membership committee, to help get out a large attendance among the members as well as to secure new members for the organization.

Another group was announced, composed of Earl Walker, Don W. Bagwill, Merritt Braswell and H. B. Bickers, county relief administrator, for the purpose of bringing Mr. Adams of the United States Department of Agriculture here for an address in this city. Mr. Adams, who is connected with the East Texas Chamber of Commerce, has been here on numerous previous occasions, engaged in rural sanitation work, and is well and favorably known over this city and county.

Changes Hour of Meeting.

The organization voted to change the hour of their meeting from 8:00 to 8:15 o'clock, because of the softball games many of which are not over until nightfall.

Secretary W. Hammond Moore of the Senior Chamber of Commerce, was present and made the Jaycees an appreciated talk.

Members of the Business Men's Bible class of the First Baptist church and their ladies are anxiously looking forward to the big barbecue supper to be given by the class at Finch park tomorrow (Thursday) night. Johnny Snapp, president, is being assisted by several committees in arranging for this annual picnic, and all who attend are promised a most pleasant evening. A short program will be given at 7:15 o'clock after which a delicious barbecue supper, with pies, salads, lemonade and other good things to eat on hand in abundance.

The young people of the Methodist and Christian churches at Allen were guests of Mr. and Mrs. Luther Angel and daughter, Miss Almeda Angel, last Wednesday evening. An enjoyable time was had by the entire group. Games were played and a basket lunch was served. Twenty-seven were in attendance.

John H. Ferguson, pioneer McKinney landowner and retired business man who has been seriously ill for several weeks, is slowly improving. Many interested friends throughout the county are hoping for his continued progress towards restoration to good health again.

GRAIN CROP IS SHORTEST IN 41 YEARS

Indicating a wheat harvest of only 483,622,000 bushels, the Government 1933 crop estimate was issued Tuesday, July 10. This points to the smallest yield in the United States in forty-one years. Production in 1893 was 427,522,000 bushels.

Corn and Oats Also Short.

The estimate showed the same situation in the case of oats, barley, rye and corn save for 1930, when the corn crop was ravaged by midsummer dry weather. Corn production for 1934 was estimated at 2,113,137,000 bushels.

"Due to acreage reduction programs and to losses from drouth, the total acreage of field crops harvested will probably be the lowest in twenty-five years," the report said, adding that "the crop situation is less promising than at this season in any recent year and little if any brighter than it was a month ago."

Worse Than Month Ago.

Private observers had felt that rains since the official crop forecast in June had improved conditions to the extent that the tentative figure of 500,000,000 bushels of wheat a month ago would be raised.

Instead, there was a reduction of 16,378,000 bushels. The estimate for winter wheat last month was 400,000,000 bushels as compared to 394,268,000 on Tuesday.

The crop reporting board made no official forecast for spring wheat in June but it said the figure was around 100,000,000 bushels. The estimate on Tuesday was 89,394,000.

Only Half 5-Year Average.

The five-year average production of wheat for 1927-1931 was 886,359,000 bushels. Secretary Wallace announced only Monday that the 15 per cent reduction in wheat acreage might be continued for the new crop year but he specifically reserved the right to decree that those who signed contracts plants more of the grain.

The report Tuesday said that nearly normal rainfall during June over the Dakotas, Minnesota and Wisconsin where conditions were very bad had helped but that the rains were inadequate over the Corn Belt and that a new drouth area had developed in the Southwest.

"Small grains and many hay crops, which are ordinarily grown on about half the total crop acreage were too far advanced to show more than partial recovery even where the drouth was effectively broken by the middle of June," the report said. "A very large acreage of spring grain had already been lost. Instead of the 69,000,000 acres of spring wheat, oats and barley expected in March, probably less than 54,000,000 acres of these crops will be harvested for grain."

Water Shortage Serious.

The report said that the shortage of water for irrigation in the West was rapidly becoming more serious.

"In West Texas, New Mexico, Arizona and parts of Eastern Montana, cattle are now suffering and death losses of cattle have increased," the summary said.

Carry-Over Back Normal.

Despite the short wheat crop, farm administration officials reiterated today that the supply was ample o take care of domestic needs.

The principal aim of the farm administration's wheat acreage reduction campaign was to reduce an enormous surplus.

On the basis of present conditions, the carry-over on July 1, 1935, may be about 150,000,000 bushels—the normal reserve.

We are pleased to learn that our good friend, E. B. McTee, who has been confined to his home for several months is now getting much better. Mr. McTee is a fine man and was one of the best officers the city ever had. His friends in the city and all over the county will be pleased to learn that his health is improving.

FUNERAL HELD WEDNESDAY FOR JOHN W. GREEN

The auditorium and adjoining Sunday school room of the First Baptist church were filled to capacity Wednesday afternoon at 5 o'clock when funeral services were held for the late John W. Green. The deceased, who was a retired grocery merchant, and one of the city's and county's most highly esteemed citizens, met a tragic death at his farm, near Allen, late Tuesday afternoon when he was gored by a bull. He died soon afterwards in the City hospital here.

Dr. J. H. Cozad, pastor of the First Baptist church, conducted the services after which the remains were taken to Rowlett Creek cemetery, twelve miles southwest of McKinney, where interment was made, directed by the Sam J. Massie & Son Funeral home. The new-made mound was covered with a profusion of beautiful floral offerings.

Active pallbearers were Chas. M. Bryan, A. G. Speck, J. Ed Gibson, J. M. Foster, J. H. Snapp, Gabe Kerby, L. R. Hoover and Van Wood.

The deceased was one of our city's best known residents, having been active in the Business Men's Bible class and all other affairs of the First Baptist church, of which he was a member. Vegetable Canning Now In 6 Canneries In County Progress On County Farm

Vegetable canning on the county farm is progressing nicely, according to Claude Foster, manager of the farm, located a few miles west of McKinney. Mrs. Foster, with the help of her husband, supervised the relief canning at the county farm last year and is following the same plan this year.

They report having canned a total of 2,575 containers of beans, English peas and greens. Last week 3,351 containers of corn were canned. Mr. Foster stated that last Tuesday 799 containers of corn were conserved in one day's time.

Although most of the corn is past the stage of canning and there are few vegetables to can now, Mr. Foster says that he has a large pea and bean patch for fall canning and should it rain soon there will be plenty of these vegetables to can right away.

There are six TRC canneries in the county, located at McKinney, Farmersville, Plano, Wylie, Celina and Anna. The total amount of corn canning done at these plants last week was 10,000 containers.

PECAN GROVE CEMETERY ASS'N. HOLDS MEETING

The annual meeting of the Pecan Grove cemetery association was held in the home of Mrs. Sarah Howell on Friday, June 29. Much business for another year was discussed. The financial reports were given by Henry W. Warden and Mrs. Lillie Emerson. It was recalled that Mrs. T. W. Wiley and Mrs. T. H. Emerson, two of the most beloved members and past presidents of the association, had passed away since the last meeting. Officers for the ensuing year were elected as follows: Mrs. Sarah Howell, president; Mrs. L. R. Hoover, first vice-president; Mrs. Leslie Merritt, second vice-president; Mrs. D. F. Houston, third vice-president; Mrs. Lillie Emerson, treasurer; Mrs. Henry Warden, assistant treasurer; Mrs. Lula Robinson, secetary.

Henry W. Warden, F. B. Pope and W. R. Abernathy are the executive committee.

It is hoped that many lot owners, who have failed to pay for the keeping of their lots, will do so this year in order that the cemetery will be in perfect condition.

At the close of the meeting Mrs. Howell and Mrs. Fitzgerald served lovely refreshments of ice cream and cake.

RECOVERY PLAN OUTLINED BY TOM F. HUNTER

Bringing his campaign for the governorship to Breckenridge Thursday night, Tom F. Hunter of Wichita Falls, outlined the fifteen points of his program for a Texas recovery upon which he is basing his candidacy. In addition he discussed his platform provision calling for a recall of State officials who fail to remember campaign promises after they are elected to office. He proposed that any State official who accepts a fee from a private individual or corporation while on the payroll of the taxpayers be adjudged guilty of a felony and sentenced to the penitentiary.

Outlining his State recovery program Hunter said:

"In order to achieve a recovery that will provide jobs for the unemployed of this State who are numbered by the thousands and to make the indigents who are on our relief rolls, it is necessary that money be placed in circulation in this State. This can be accomplished only by restoration of an easy available credit and the retention in Texas as a buying power the profits and proceeds of our national wealth now being siphoned over our border by the special combines of the East."

Prof. W. L. Yarbrough, who has been critically ill at his home, 918 South Tennessee street, for several days, is about holding his own Wednesday. Prof. Yarbrough is a former well-known teacher in our county, and was for four years the County Superintendent of Public schools of our county. FIRST CHECKS DROUTH RELIEF ARE MAILED

The first 600 checks for drouth relief loans from Uncle Sam to Texas farmers were mailed from Dallas Tuesday morning, Charles W. Sherrill, regional manager of the emergency crop loan office of the Farm Credit Administration.

The checks will enable drouth-stricken farmers and ranchers in West and South Texas, from San Antonio to El Paso, to buy feed for their live stock, and in some cases, to buy seed for planting forage crops.

A fund of $100,000,000 for the purchase of feed and the planting of forage crops was appropriated by Congress recently. Fifty-five Texas counties were among those designated as emergency drouth areas. Reports from Washington indicated that 100 others recently were given this designation but Monday Sherrill had not yet received official notice of this addition to the relief area.

Candidates Flotorial Representative

C. H. AKIN

The office of flotorial representative from Grayson and Collin counties is one of the two posts in which the incumbent is not a candidate for reelection. Elbert M. Barron of Van Alstyne, is the present holder of the office, and is not a candidate for reelection.

He taught school for several years in districts adjoining the home district, and has been engaged in farming and business activities. He is, at present, engaged in farming, specializing in the cotton and onion business at Princeton.

Mr. Akin was a member of the forty-second legislature, voluntarily retiring at the end of his first term. He served with American forces during the World war.

Grover Burton is the youngest man in the triangular race. He is a McKinney attorney, the son of Dr. and Mrs. E. L. Burton of McKinney. His father, an ear, eye, nose and throat specialist, was reared in Grayson county.

The first to announce for the post, Mr. Burton has conducted an active campaign in the two counties of which the forty-fifth district is composed.

COLLIN FARMER ERADICATES NOXIOUS WEEDS

The following letter, which is self-explanatory, has been mailed by the A. Y. Creager Co., of Sherman, Texas, to every tenant cultivating repossessed farms, which that company is servicing in this territory. A. M. Russell, McKinney, has long been their agent in this county and other adjacent counties. This letter should be read by every farmer and doubtless many of them will follow out some of its recommendations:

* * *

POSSESSION VINE—JOHNSON GRASS—BERMUDA GRASS

The best method for killing Possession Vine, Johnson Grass, Bermuda Grass, or other noxious growths, that has come to our attention, has been used by Mr. F. C. Arie of Frisco, Texas, Route No. 2. He lives on a farm of 92 acres known as the A. E. Highsmith farm, located 1 mile west from Prosper in Collin county. He has been quite successful in killing these noxious growths.

Mr. Arie says, regardless of weather conditions, he plowed the land on which these noxious growths were, about 3 inches deep, once each month for three months when the sign was in the heart. He was very careful to cut all of this ground and turn it. He first plowed the middles, then immediately turned back and plowed the beds; in other words, he would bed and re-bed the land, doing all of this each month while the sign was in the heart. It has been 3 years since Mr. Arie tried this method and none of these noxious growths have reappeared.

He thinks the best time to do this plowing is when the sign is in the heart on the following dates:

* * *

July, 1934.
Thursday, 12th.
Friday, 13th.
Saturday, 14th.

* * *

August, 1934.
Thursday, 9th.
Friday, 10th.

* * *

September, 1934.
Wednesday, 5th.
Thursday, 6th.

Mr. S. O. Powell, Celina, Texas, Route No. 2, lives on 108 acres known as the Moseley farm located about 3½ miles Southwest from Celina in Collin county. He tells us that while the sign was in the heart in July and August, he plowed (flat broke) each month the infested land about 4 inches deep and killed the Possession Vine on it. He was careful to cut all of this land and turn it.

You will agree with us that any of these noxious growths are very disagreeable to the good farmer, besides being detrimental to the land. We know you have been greatly bothered with some of these and that you want to kill such growths. We suggest you try this method on the above dates. It is an economical plan and has proven quite successful—several good farmers tell us this. Will you try it?

We want to co-operate with you in every possible way, and want to see you successful in ridding this farm of its noxious growths. Please write us promptly whether or not you will try this. Enclosed self-addressed stamped envelope for your reply.

Yours truly,
A. Y. CREAGER CO.
Sherman, Texas.

COLLIN COUNTY FREE FAIR

It is not too early to begin making your plans to have an exhibit at the seventeenth annual Collin County Free fair to be held here this fall. President A. H. Eubanks, Secretary W. Hammond Moore and all other officials and fair workers are making plans for the biggest and best fair in the history of our county. It is going to be a great event and one you will regret to miss. The exposition is valuable as the show window of our county and means much to all of us. Collin county is one of the greatest agricultural counties in the state with a wide variety of farm products, possibly the most prolific county in the growing of agricultural products in the state, and our citizens take a pride in vieing for honors in showing their best agricultural and horticultural products. Let us make it "our" fair. Don't leave it up to someone else to bring their exhibits and then come in and say, "I have as good products as that at home." Bring in your best exhibits put them on display and add to the success of the countywide exposition.

SEEKING RECREATION

Here are some figures from the receipts at the recent Max Baer-Primo Carnera prize fight which might be of interest to our readers. They show that although the depression is just now leaving us after five years, there must be plenty of money in America which the good citizens thereof will willingly unloose their grasp on, for something desired. The fight drew a "gate" of $428,392.80. The milk fund received $36,135.73 from this amount, which is commendable. It means that our good countrymen are glad to get away from the cares of "hard times" at an athletic contest and enjoy themselves.

WHERE STATE GETS ITS MONEY

And speaking of money, "Your Home Town" brings forth the following checkup by the State Comptroller of Accounts, showing where the state receives its money: Inheritance Tax, $583,-438; Franchise tax, $1,310,473; Ad Valorem tax, $20,559,738; Occupation tax, $1,140,681; Poll tax, $1,031,766; Cigarette tax, $3,167,-064; Gross Receipts tax, $6,638,-906; Gasoline tax, $20,891,613; Automobile licenses, $4,664,915; United States aid, $12,655,975; Miscellaneous sources, $9,901,584. We believe you will agree that this amount is quite a bit of pocket change.

The meeting started a week ago and will continue through Wednesday night. Thus far there have been sixteen additions to the church.

Rev. J. Ben Snider of this city is the pastor of the church and states that one of the largest crowds he ever saw at a revival meeting was in attendance Sunday night. Price Strickland is leading the congregational singing.

Warren Christie, a substantial farmer and citizen of the Lebanon community, was in McKinney Saturday. He reports his cotton to be looking very well although the plant is small in growth. A good rain would help the crop, so he thinks. His grain crop was one of the lightest that he ever made this year. His wheat turned out a yield of eleven bushels while his oats made twenty-three. This editor, who has been a good friend of Mr. Christie for about forty years, enjoyed meeting up with him and shaking his friendly hand again.

McKinney volunteer firemen held their regular meeting Monday night at the city hall, presided over by Fire Chief J. S. McKinney. Chief McKinney, Morry Neely and Gail Willis, who were delegates to the State Firemen's convention held recently in Mineral Wells all made interesting reports. The local volunteer firemen are planning to attend the next district meeting of the volunteer Firemen's association in Garland next month, the first meeting having been held recently in McKinney. The next state convention will be held in El Paso.

B. D. Rogers, a veteran farmer and stockman of the Fayburg section of our county, was in the city Saturday. He thinks that the corn crop has already been very badly damaged by the continued drouth. However, some corn will be made in some localities, which had more rain than others. He is also of the opinion that cotton is now deteriorating from the same cause—lack of rain. It is throwing off more squares than he thinks it should if a first class crop is to be raised and gathered. He was accompanied to town by his young grandson, Frank A. Rogers Jr., of Calera, Oklahoma. Frank is a recent graduate of the Calera High school and is planning to continue his education in college.

Mrs. Estes was formerly Miss Ellen Marcom of this city.

Miss Ruth Timmons, Durward and J. H. Timmons Jr., of the Blythe's Chapel community, were Friday visitors in McKinney.

Prof. L. A. Woods, State Superintendent of Texas Public Schools, announced Tuesday that a $1.00 per capita of the State apportionment will be paid July 15, based on a total of 1,575,742 scholastics. This will make a total of $12 paid on the 1934 apportionment of $16 a child. The hope is to pay $2 per capita in August leaving a deficit of $2 next September 1, the beginning of the next scholastic year, compared with a deficiency of $5 a child in September, 1933.

ALLOTMENT OF RELIEF FUNDS FOR COLLIN DECREASE

H. B. Bickers, county relief administrator ,announces that he has just received instructions from the relief headquarters at Austin to the effect that Collin county's allotment of relief funds for this month is only one-fourth of the amount asked for. The state headquarters has asked Mr. Bickers and his organization to make the funds go as far as possible this month and next.

The allotment for Collin county is expected to arrive here about July 10. Because of the meager funds the local relief office will be able to provide only half grants to families now on budgets from the local office.

No relief work will be given, and only direct relief will be extended. Mr. Bickers hopes to make these funds last as long as possible. From Adam R. Johnson, director of the Texas Relief Commission, the local office learns that the state commission is definite shortage in matched funds. Mr. Johnson added there is no indication of a special session of the state legislature until September and therefore no funds will be available until legislature takes action and a new set of bonds sold, which will probably be October or later.

Mr. Bickers also states that they had anticipated carrying forward some work projects this month but inasmuch as the allotment has been cut down so greatly, all that can be done will be direct relief.

OLD PREACHER REVERES MEMORY ED S. BURGE

REV. S. W. MILLER REFERS TO SOME EXAMPLES OF USEFULNESS

Rev. S. W. Miller, a superannuate Methodist minister of Frisco in Southwest Collin, was greatly grieved at the recent death of his longtime friend, Ed Burge, of Roland, Rev. Miller sends this paper the following well merited tribute to the memory of his departed friend:

* * *

Useful Man.

The recent death of Ed S. Burge of Roland causes sadness to steal into my heart. He will long live in my memory on account of the many good deeds performed in my behalf and, to my knowledge, rendered to others. Well do I remember him in 1894 as he drove up to my parsonage home with about eight cords of wood and unloaded same in my yard for the comfort of myself and family when I was then serving, forty years ago, as pastor.

He let no opportunity pass that was within his reasonable power to render my pastorate a successful ministry to his home church and community. He was not then a member of the church, but was converted, during my pastorate and later joined the church and helped build the church at Liberty. At that time, the membership had internal dissensions about some matters and were thinking of dividing the church or disbanding it on account of the fact that a minority group wanted to move the location to another place. After some persuasion and effort, I secured the consent of the dissenters to build where the majority wanted it located. Bro. Burge, then not an active member, accompanied me on a round of interviews of all the members. We registered their first and second choices as to the church location. Then I called the building committee together and added the name of Bro. Burge to their number. We then proceeded to plan a new church and also laid plans for raising the money. Bro. Burge headed the list with $100.00 subscription for himself, $50.00 for his wife and $25.00 for his dear old mother, then living. Other committeemen also subscribed $50 each except one.

In that campaign for new church funds, I found that Bro. Burge could do more with the people than I or anyone else.

I never had a truer nor better friend than this recently departed brother and leading Roland farmer for all of his active life. Ed S. Burge was human and like all humans was subjected to errors in life. But he was a man who desired to do the right thing. I often conferred and confided in him. I found him mellow and penitent and always willing to make amends and to try to do the right thing and help along the unfortunate, the bereaved, the sorrowing and those in any kind of trouble who needed sympathy and help.

I am hoping and expecting to meet him in Heaven. I am another friend who truly loved him.

Very sincerely,
S. W. MILLER.

Frisco, Texas,
July 4, 1934.

DEATH CALLS 97-YEAR-OLD COLLIN MAN WEDNESDAY

Frnacis Marion Renfro died at his home in the Higgins community south of here, Wednesday afternoon, after having been in declining health for some time. The deceased was born in Knox county, Texas, August 7, 1836, but came to Texas in 1877.

He was probably the oldest man in the county at the time of his death, being 97 years, 10 months and 27 days old. He was married in Tennessee to Miss Edie Hankins, to which union six children were born, two of whom survive. They are Charlie Renfro and Mrs. R. L. Stewart, both residing on Route 5, McKinney.

Funeral services were held at the Wilson Chapel church last (Thursday) afternoon at 3 o'clock, conducted by Rev. J. Ben Snider. Interment followed in the cemetery there under the direction of the Sam J. Massie & Son Funeral home.

The deceased was a union soldier and had resided in this county for more than fifty years. One of his sons, Gordon Renfro, died in may, 1933.

SIX CANNERIES ARE OPERATING IN COUNTY

Six TRC (Texas Relief Commission) canneries for the aid of the needy are now in operation in Collin county, located at McKinney, Farmersville, Plano, Wylie, Celina and Anna, according to H. B. Bickers, county relief administrator. The last one was opened at Farmersville on Monday morning of this week, July 2.

The primary purpose of these canneries, maintained by the government, is to can products from community relief gardens in this county, which total 150 acres and which have been planted and cared for by the unemployed.

These products will be canned and stored until this winter to help take care of those who will need relief. Any resident of the county, having produce from their own garden they desire canned, may have same done at these canneries by the toll plan. In other words, the producer brings his product in and the cannery furnishes the cans, labor, labels and equipment on a 55-45 basis ,fifty-five per cent for the cannery and forty-five for the producer.

In canning meat, the ratio is slightly different, with the cannery keeping forty per cent and the producer sixty per cent.

The gardens planted and worked by the unemployed under the direction of the relief office produced well until the present drouth, which has hurt gardens all over the county considerably. Mr. Bickers declares that the six canneries have put up something like 2,000 or 3,000 cans of products for the needy in Collin county, including beans, beets and various other garden products.

Miss Helen Dunlap, county home demonstration club agent, is helping in getting these canneries started off and in their supervision .The labor in the canneries is taken off the relief rolls, with a supervisor in charge of each one.

J. T. MASSEY, 22, PASSES AWAY AT CITY HOSPITAL

ATTORNEY GENERAL JAS. V. ALLRED GIVEN OVATION WHEN HE SPEAKS IN M'KINNEY WEDNESDAY NIGHT

CROWD OVERFLOWS SOUTH SIDE OF COURTHOUSE LAWN; REPLIES TO CRITICISM OF OPPONENTS; ATTACKS LOBBY LAW AND PARDON SYSTEM.

BY DON W. BAGWILL

Attorney General James V. Allred was given a great ovation in McKinney when he brought his campaign for the Governorship to this city and county Wednesday night, addressing a large throng estimated at 2,000—the largest ever to hear an office aspirant here this year—on the south side of the courthouse lawn. His speaking followed a busy day in the campaign field, Mr. Allred coming here from Denton, where he spoke in the afternoon. Prior to his speaking, he was entertained at a banquet by a few close friends from this city and county at the Corner Cupboard, at which Senator Tom W. Perkins acted as toastmaster.

The Wednesday night address was presided over by Editor M. B. Smith of Farmersville, Editor Smith and Mr. Allred having been reared in adjoining counties. Mayor Joe E. Largent extended the welcome address on behalf of the large crowd in attendance, while City Attorney John D. Reese, in a few well chosen words, introduced the speaker of the evening.

The Attorney General defended his record in that office, at frequent intervals in his address pausing to answer charges made by his opponents. In the opinion of his many hearers, he displayed all the old fire and vigor which has characterized his appearance while he was campaigning for Attorney General. Despite the ordeal of a strenuous campaign, he having already made 138 speeches, he showed amazing vitality, which has always marked his speeches heretofore.

In beginning, Attorney General Allred thanked his many hearers for the splendid vote he has received in Collin county in his campaigns for the Attorney Generalship. He called attention to the fact that the man whom he defeated four years ago for that office, this year, drove all the way from Laredo to Bowie to speak in his (Allred's) behalf. He then asked the audience to give R. L. Bobbitt, the one referred to, a hand for being one of the "world's best sports."

He declared that he would not lower himself to the level of dealing with personalities and engaging in a mudslinging campaign. "One of my opponents refers to me as the little boy with the big breeches on. Well, if I am, that doesn't show that he is qualified for the office. Anyway, I would rather be a little boy with big breeches than too big for my breeches," he said, amid laughter from his audience.

* * *

Texas' Criminal Bill.

"Our criminal bill in Texas," he said, "is higher than the cost of running our state government. I did not wait until Clyde and Bonnie started on their depredations to talk about law enforcement; I have always been on the side of enforcement of the law."

The most important part of the law enforcement, he declared, is our pardon system, which he attacked in vigorous and in no unmistakable terms, and demanded a revision of it. He told of several major crimes committed in the Southwest during the past several months by men pardoned by the Governor of Texas from the Texas penitentiary or given paroles or furloughs. The speaker suggested a change, which he said, he announced last October and which was published in the newspapers of the state, whereby he would give to the Board of Pardons real powers becoming that august body. He would make the recommendations of this board binding upon the governor and would make it a strict violation of the law for anyone to practice influence upon the Governor in obtaining a pardon.

* * *

Never Peddled a Pardon.

"I never peddled a pardon; I don't believe in it. You can not buy human liberty," he said.

At this point the Attorney General apologized to his audience, as he sat down for a while on the speaker's table. "I have been leading a strenuous campaign and I didn't realize until just now how tired I really was," he told his audience. There were cries of "take off your coat, Jimmy," as he again launched into his campaign.

* * *

Attacks Lobbying System.

The Attorney General attacked in vigorous terms the lobbying system—'corrupt,' as he termed it—which is permitted to continue at Austin. He charged his opponents with holding him responsible for not enforcing the lobby law. "That law, as it stands, is not worth fifteen cents today," he said. He called attention to the "joker" in the lobby law, which provides that "The terms of this law do not apply to the Governor or to any member of the state legislature." A real lobby law has been introduced twice in the legislature, he asserted, and two of his opponents had voted against it each time.

He called the attention of his hearers to the charges made by opponents of why he (Allred) does not stop the flow of "hot oil."

"Since when did I get to be a policeman in East Texas," he asked. "The Railroad Commission

Given Ovation Wednesday Eve

HON. JAS. V. ALLRED

is the police force of the oil fields," he said. "I have been busier in the oil fields than any other Attorney General Texas ever had. Again, he said, his opponents have charged him thusly, "Why doesn't he (Allred) stop the sale of whiskey in South Texas?" and answered his own question with, "Why don't they jump on the sheriff, city police force, the county attorney or other officers of those places whose duty it is to enforce the laws of that city and county. Why don't they call on the State Rangers?

"You know what I would do if I had charge of the State Ranger force, now?" he asked. "Why, if I had charge of them, I would put one half watching the other half," he said amid laughter and applause of his audience.

* * *

Evils of Retainers Fees.

"Another thing wrong with our state government," the speaker declared, "is that we will never get any relief as long as members of the legislature and the State Senate draw down retainer's fees from special interests.

* * *

Displays Check.

Answering charges of his opponents that "the Attorney General's Department has done nothing but file cases and lose them," Mr. Allred held aloft a photostatic copy of a check for $1,073,500 made out to him by the Mid-Kansas Oil and Gas company in payment of a judgment won in state courts after a suit over state school lands.

He then displayed a certificate from the State Treasurer, showing that the entire amount of that check was turned by the Attorney General into the permanent school fund of the state.

"One of my opponents has been running up and down this state charging that I have done nothing but file suits and lose them. Now, if I wanted to, I could observe that he has never done anything but run for Governor and lose," he said. "That opponent continues to refer to me as 'the little boy with his big breeches on,'" he said, "but, my record made in the Attorney General's office, I think, is a pretty good record for 'a little boy with any kind of breeches on'."

* * *

That "Big Oil Suit."

The Attorney General referred to the "big oil suit" mentioned by certain of his opponents in the Governor's race. Although the $17,000,000 oil suit has been postponed under a state court's ruling that the NRA had superseded anti-trust laws, he nevertheless has succeeded in carrying it on appeal to the Supreme Court and it is set for hearing on September 20. He called attention to the fact that the Attorney General's office has won every point of law throughout the history of the case and this despite the fact that he was up against fifty of the nation's most brilliant lawyers.

* * *

Given Ovation.

At the conclusion of his address, Attorney General Allred was given an enthusiastic ovation by the large crowd which was made up of both men and women voters from all sections of the county and other counties. Gerald Mann, who is well known in McKinney and who is Mr. Allred's campaign manager in Dallas county, was here and was introduced.

The loudspeaker truck of the Attorney General, which broke down en route here from Denton, arrived shortly before he finished his speech and the concluding part of his address was made over this loudspeaker.

He speaks tonight in Greenville.

ESTABLISHED FEBRUARY 7, 1884. McKINNEY, TEXAS, THURSDAY, JULY 12, 1934—SECOND SECTION FIFTY-FIRST YEAR

COMPLETING PLANS FOR ANNUAL PICNIC-REUNION

OLD BURRUS RIFLES REUNION DURING THE BIG McKINNEY PICNIC JULY 24-27

CAPT. J. A. BENTON RETIRED ARMY OFFICER WAS ORGANIZER AND IS SPONSORING PROPOSED REUNION—WANTS TO SEE CONFEDERATE VETERANS FOLLOWED IN OPENING PARADE BY SPANISH WAR AND WORLD WAR SURVIVORS.

Capt. J. A. Benton, who recently returned to his old home at McKinney and who is now on the retired list of the regular army, is arranging for a reunion of the old Burrus Rifles which military unity he organized in McKinney in the latter part of 1913 and 1914.

This company was named in honor of the late J. Perry Burrus, who was then living and was McKinney's most influential business man and successful industrial leader.

This proposed reunion is to be held on the first day of the big four-day picnic Tuesday, July 24. He wants all veterans to meet in the district courtroom in McKinney about 9:00 o'clock in the morning preparatory for the parade.

The captain also would like to see veterans of the Spanish-American war and of the World war in our big opening picnic parade. He thinks it would add to the size and spectacular effect of the parade in opening the big four day reunion and Collin county picnic.

* * *

Seen Active Service.

Capt. Benton commenced as Second Lieutenant when the Burrus Rifles were mustered into the National Guard in 1915 as Company M., Fourth Texas Infantry. It was mustered into the service on Valentine's day, February 14, of that day. There were sixty-five enlisted men and three officers in the company—all McKinney and Collin county men. Lieutenant Benton was commissioned Captain of the company when it was mustered into the service with Tully B. Lucas as First Lieutenant and John M. Britton as Second Lieutenant. This company was sent with troops by the Federal Government to the Big Bend section around Alpine on the border of Mexico following Villa's raids at Columbus, New Mexico.

* * *

Enters World War.

The Fourth Texas infantry of the National Guard in 1917 was consolidated with the Sixth Texas Infantry, at Camp Bowie, Fort Worth, and constituted the 144th Infantry in the American Expeditionary Forces. However, Captain Benton was transferred to the cavalry arm of the service and went across to foreign service as an acting Major with the Field Artillery, saw active service in the Argonne and other fronts of Northern France. Lieutenant Tully B. Lucas was later promoted to a captaincy and also served in France.

Captain Benton, after the signing of the Armistice, was sent back to the Sttaes as a hospital patient and was cared for in the base hospital at Fort Sam Houston, San Antonio.

In 1928, he was retired on disability with the rank of captain and has since called San Antonio his home. Capt. Benton has been in McKinney for about three months visiting his father, W. F. Benton, two brothers, W. M. and J. O. Benton and his numerous boyhood and young manhood friends and acquaintances. He is planning to remain until after our big picnic. The captain is a whole-souled, friendly fellow whose acquaintances and friends in our city and county are legion. While he makes his headquarters at San Antonio and probably will continue to do so, yet McKinney has first claim on this native born Collin county son and gallant veteran of a very creditable military career, a part of which was in the greatest war and the most ferocious conflict the world has ever seen from 1914 to 1918.

ADVERTISEMENT IN PAPER FINDS LOST KITTY

Elizabeth Ann Goostree, sweet little daughter of Mr. and Mrs. Clifford Goostree, some six years old, is all smiles, having obtained possession again of her white cat "Snowball" after the cat had been hibernating around among his friends and neighbors.

"Snowball," for reasons best known to himself, procured lodgement in Stony Allen's jail. Stony, naturally having a kindly, sympathetic heart and "Snowball," being a perfectly good Tom Cat and white as the driven snow, Stony gave him board for a night or two. Having seen Elizabeth's heart appeal in the Daily-Courier Gazette, fifty cents reward being offered for the return of "Snowball," it sounded like a bargain in "Catism," and Elizabeth was phoned that "Snowball" had been found. The kitty soon was put in possession of the youthful owner after the Daily Courier-Gazette had been delivered over the city.

Of course, some good people honestly do not believe in advertising. Though only six years old, Elizabeth does. As many Tom Cats as there are over McKinney, we thought fifty cents for Elizabeth's cat was a high price. It was not. It proved to be a bargain. Several calls were made over the phone and at this office, many being desirous of restoring "Snowball" to Elizabeth. Happy Elizabeth. Satisfied Snowball. Both home again.

REV. A. L. CARTER NOTED SINGER'S SUDDEN DEATH

HENDRICKS AND CARTER HELD NUMBER BIG MEETINGS IN COLLIN

Through Dr. E. O. Whitwell, pastor of the Central Presbyterian church of this city, this paper learns with keenest sorrow of the sudden death of Rev. A. L. Carter, noted evangelist singing minister of the Presbyterian church, U. S. A., which sad event occurred the other day while he was engaged in helping to hold a big meeting at Guthrie, Oklahoma.

His home was at Springfield, Missouri. Rev. Mr. Carter held meetings with Rev. Mr. Hendricks through the years in this county and city. The first meeting by Hendricks and Carter held in this county was perhaps at the Walnut Grove camp meeting grounds, ten miles west of McKinney nearly thirty years ago.

They held perhaps four or more great meetings at Walnut Grove from twenty to thirty-five years ago.

They also held several meetings at the Presbyterian church, U. S. A., here in McKinney.

Rev. Mr. Hendricks is now pastor of a church at Milan, Tennessee.

The last meeting that Rev. Mr. Carter held here was four or five years ago when he led the singing in a big meeting conducted by Evangelist Cadle. They also held a meeting the same year, at Melissa.

Rev. Mr. Carter was a gifted choir leader and soloist, who was always a major attraction and drawing card to the revival meetings with which he was associated. His death will be widely mourned in this county as well as through other parts of Texas, Oklahoma, Missouri and other states.

GOVERNMENT'S ACREAGE ESTIMATE BELOW AVERAGE

The Government's estimate Monday, July 9, of the cotton acreage under cultivation as of July 1, at 28,024,000 acres, or about 1,000,000 acres under the average of expectations, was a surprise and resulted in an advance of $2 a bale following its publication. While considerable profit taking was encountered on the sharp advance, the market held most of the advance and on the close was steady from $1.75 to $1.85 a bale over the close of last Saturday.

The crop reporting board pointed out that the acreage this year is the smallest planted to cotton since 1905, and is about 1,750,000 acres below the acreage planted in 1921, when the crop outturn in bales of 500 pounds gross weight was just short of 8,000,000 bales. It is also 1,950,000 acres less than was harvested last year. It is said that the crop reporting board will deduct 2.4 per cent from these figures for the average abandonment before making up its first cotton crop forecast in August, which would indicate an acreage for harvest of 27,352,000 acres compared with 29,879,000 acres picked last year.

Condition of the crop is below normal.

QUESENBERRYS HONORED OLD COLLIN FAMILY

This editor had the pleasure of shaking hands with our longtime friend, Kid Quisenberry, who lives on his farm in the Upper Rowlett schoolhouse community, about ten miles west of McKinney. He came in town with Grady Melton and two young sons, Kilis and Walt. Grady Melton is one of West Collin's most extensive and successful farmers. We were sorry to note the rather enfeebled state of health of our friend, Mr. Quisenberry, who is not able to do anything more than to tend to chores around his place now. Kid Quisenberry is the son of the late R. T. (Uncle Tandy) Quisenberry, a pioneer carpenter and farmer of the Upper Rowlett community and one of the best men our county ever produced as was also his older brother, the late Uncle Killis Quisenberry, who lived a few miles to the southwestward of the farm of Uncle Tandy.

JULY IS MONTH FOR STUDENTS TO TRANSFER

Prof. Jack R. Ryan, city superintendent of McKinney Public schools, says that July is the last month for students to transfer to high schools. According to Prof. Ryan, any student expecting to transfer into McKinney High school must do so before August 1.

Any student, having completed the prescribed course of study or all the work in the school in their district, and wishing to transfer here, will be given aid by the state amounting to tuition and transportation. If a student has not completed the course of study in his or her home school, they are not given state aid, either in tuition or transportation.

According to Prof. Ryan, quite a few transfers have already come in this month. Since July is the heaviest month for transfers, he is expecting this to be a busy month. He urges those who expect to transfer into McKinney High school to come in and attend to the matter as soon as possible.

ADMIRAL WILEY NAMED ON BOARD OF ARBITRATION

President Roosevelt recently appointed Admiral Henry A. Wiley, retired, on the National Steel Labor Relations Board. The other two members are Walter P. Stacy, Chief Justice of North Carolina's Supreme Court, and James Mulienbach of Chicago.

The duty of this Board is to conciliate and avert the threatened strike in the steel industry. Each of these three Board members is experienced in the field of arbitration.

Admiral Wiley was reared at McKinney and appointed to the Naval Academy, at Annapolis, by Gov. Throckmorton, then Congressman from this district.

The Admiral is a son of the late Dr. T. W. Wiley, a noted pioneer physician and surgeon of McKinney.

The Admiral has two brothers still living in McKinney—James E. and Walter H. Wiley.

A 4-H girls style show was given at the Central Presbyterian church Saturday, July 7. The program opened at 10 a. m. with the singing of some of the 4-H club songs, followed by a demonstration showing how to make and can tomato juice by Miss Helen Dunlap, county home demonstration club agent. Lunch was served by the club girls and their mothers to about 150 people. Following the lunch hour Miss Dorothy Hardin of the Basement Beauty shop demonstrated giving a shampoo and setting a wave as well as showing how to apply a make-up.

A number of the club girls participated in an old-fashioned style show, giving the history of their dresses. This was followed by the style show in which the girls wore the dresses they had made recently. Forty girls appeared in this show, wearing three different types of dresses. The younger girls wore the most simple type of dress. Winners in this were:

Jackie Poulser, Bush club.
Pauline Williams, Bush club.
Fay O'Brien, Cottage Hill club.

The next older girls wore school dresses made by themselves. The winners were:

Onella McClendon, Nevada club.
Elizabeth Moore, Melissa club.
Mary Elizabeth Vaughn, Nevada club.

The older girls wore sport dresses and the winners in this group were as follows:

Gladys Berry, Melissa club.
Marion Gibson, Melissa club.
Mary Louise Gooch, Nevada club.

The three winners in each of the three groups were awarded materials for new dresses by the Parkins Dry Goods company.

Judges in the style show were: Miss Ruth Clark, home demonstration agent of Dallas county, and W. Hammond Moore, secretary of the McKinney Chamber of Commerce.

Miss Onella McClendon of Nevada and Miss Gladys Berry of Melissa, through their winnings, are to receive trips to the A. & M. Short course, July 30 to August 3.

PRETTY WEDDING AT ANNA JOINS POPULAR COUPLE

JAMES A. LONG WINS FAIR YOUNG MELISSA GIRL AS BRIDE

By Mrs. A. H. Bridgefarmer

On Thursday morning, July 5, James A. Long of McKinney claimed as his bride, Miss Maye Phillips of Melissa. Their marriage culminated a romance that began in childhood school days at Melissa.

The wedding ceremony was performed at 8:00 o'clock in the parsonage of the Methodist church at Anna with Rev. Roy Patton, pastor of the bride, officiating with a beautiful ring ceremony.

Mr. and Mrs. Clarence Spurgin of Sherman and Misses Mary Lou and Ruth Graves, both of Melissa, together with Mrs. Patton and daughter, were witnesses of this pretty wedding ceremony.

The bride wore a black chiffon suit with white taffeta collar, tie and cuffs, a cartwheel black satin hat, lined with white, and black and white accessories.

Her traveling suit was fresh, non-crushable linen with a long coat and brown blouse and accessories.

The birdal couple immediately left on a honeymoon trip for Houston, Galveston and other points in South Texas.

James Long was born near Melissa where he finished his high school education. He has worked for some years in important positions with the Sate Highway Department. At present, he is engaged in a thriving motor truck business which he is conducting at McKinney.

Mrs. Long, the beautiful bride, was born and reared in the Melissa community. She, too, finished her high schooling at Melissa, after which she entered the State Teachers college, at Denton, and began her career as a teacher, working on her degree during summer sessions at college until she was awarded that honor two years ago.

She has taught as assistant at the Kelley brick schoolhouse about four miles west of Anna for seven years where she is again under contract to teach the coming year. She is the young daughter of Mrs. Alma Phillips and a granddaughter of Mr. and Mrs. J. W. Cunningham. She is a fine, Christian young lady, who has been an active member and worker of the Methodist church at Melissa since her earliest childhood, at present holding the church treasuryship of that congregation.

She is a brunette of a striking type with a sunny cheerful disposition that wins and holds and renders her one of Melissa's most popular as well as most cultured young ladies.

The newly wedded couple will make their home in McKinney when they go to housekeeping. Their numerous friends at Melissa, Anna, Kelley, McKinney and other points wish for them many years of happiness, prosperity and an ever increasing circle of true friends.

Mrs. M. M. Nelson, who has been very ill for several months, is now able to be up and about her home. She and her daughter, Mrs. Pearl Jackson, were dinner guests Monday of her other daughter, Mrs. I. R. Dillow, and husband, whose home adjoins hers on the same block on Hunt street. Mrs. Nelson was able to walk from her home to Mrs. Dillow's and return. She is one of McKinney's most dearly beloved elderly ladies and Christian mothers.

Dr. Clifford S. Weaver, pastor of the First Christian church, has gone to Fort Worth where he will teach a course in the young people's summer conference at T. C. U. The subject of his course will be "The Christian Family." Dr. Weaver will be there for a week. His pulpit will be occupied by Dr. Frank L. Jewett, of the Christian Church Bible chair of the State university at Austin, next Sunday, July 15.

Howell Province, 1514 First National Bank building, Dallas, attended the Mrs. T. J. Cloyd funeral, here, Friday afternoon. He is a brother of Mrs. Will Cloyd who was formerly Miss Maud Province. They were children of the late J. G. Province and wife who lived in McKinney for a number of years.

Miss Vivian Gulledge of Plano recently entered Columbia university, New York, for a major course for deans. She expects before returning to her Texas home to visit friends in Philadelphia, in the national capital city at Washington, and at several points in the State of Virginia.

Dates For Annual Event July 24-27; Many Attractions

President Wilkins Comegys And All Other Officials Expect This Year's Event To Be Best in History

The annual Collin County Confederate Veterans' and Old Settlers' picnic and reunion will get underway in McKinney two weeks from today (Tuesday), the dates being Tuesday, Wednesday, Thursday and Friday, July 24, 25, 26 and 27 and the location being the picnic grounds in the eastern part of McKinney.

An important meeting of the picnic association was held in the directors' room of the Collin County National bank Monday morning, presided over by President Wilkins Comegys. Reports were heard from various committee chairmen, showing that plans are going forward for one of the biggest reunions in the history of the county.

* * *

Prominent Speakers.

Leon O. Moses, assistant county attorney and chairman of the speakers committee, declared that a number of prominent speakers from over the state had been invited, many of them having already accepted. Speakings will be held day and night throughout the four-day celebration. Mr. Moses and Roland Boyd, another young McKinney attorney, compose the speakers committee.

* * *

Plan Big Parade.

U. A. Saunders, chairman of the picnic parade committee, is unusually busy planning for this feature of the celebration and says that they are expecting one of the best parades ever staged here. "We want folks all over the county to feel that it is their picnic and their parade," Mr. Saunders says. He is appealing to the civic pride of every person in the city and county to get in line with the movement and make it as successful as it was last year.

Chandler Atkinson and Clyde Cunningham have been placed in charge of the pony division of the picnic parade. This is always one of the features of the parade.

* * *

Pony Division.

The W. H. (Bill) Hames shows of Fort Worth will be in McKinney as usual for the celebration. The Hames shows have played the local picnic for the past twenty-five years and will again be here with their latest devices.

Tom Scott, in charge of the amusements, announces that they plan the usual free attractions.

Gibson Phelps, chairman of the transportation committee, declares there will be ample conveyances to take care of the Confederate veterans on the first day, not only in the picnic and parade but also to the Confederate veterans' dinner to be held on the first day. The picnic is in honor of the Confederate veterans, who are now fast thinning out ,only a handful being left. In this way, the people of the county pay them a deserved tribute in their declining years.

Tom Scott, who has charge of the loud speaker arrangements, says that the loud speaker system will again be ready to take care of the continuous program from the bandstand, day and night.

* * *

Old Fiddlers Coming.

Harry King, of Wylie, pioneer Southeast Collin citizen, announces that the old fiddlers contest will be held on the night of Thursday, July 26. He is expecting something like twenty or thirty to enter this contest. All entrants must be residents of Collin county. Suitable prizes will be offered. Mr. King was in charge of the event last year and made a great success of it.

* * *

Candidates To Speak.

County and precinct candidates will be on hand Friday night, July 27, to address the picnic throngs, bringing to a close their itinerary of the county.

J. S. McKinney will again be grand marshal of the parade this year. He will soon name assistants and helpers in getting that feature of the parade lined up.

Other attractions will be the observance of McKinney Day, the second day of the reunion, with McKinney merchants closing at noon and the baby show of which Mrs. O. S. Scott of Chambersville is in charge.

Present at the meeting Monday morning were: Wilkins Comegys, president; Earl Walker, active vice president; U. A. Saunders, chairman of the picnic parade committee; Chas. W. Graves, W. B. Mitchell, Henry W. Warden, Giles McKinney, directors; E. L. Kissinger, secretary; Tom M. Scott, in charge of the loud speaker system, also on the grounds and free attractions committee; Leon O. Moses, chairman of the speakers committee; Gibson Phelps, in charge of transportation and Don W. Bagwill, city editor of these papers.

A. P. (Preston) Mills and Miss Agnes Sparks were married about 8:30 o'clock Saturday morning, July 7, in McKinney by Eld. A. H. Snider of this city. Preston Mills is the son of Mr. and Mrs. Roscoe Mills, who now lives on Route 2, Tioga, the land they are cultivating being in Southwest Grayson county. These young people have numerous good friends to wish them health, wealth and happiness during a long married life. The young couple will go to housekeeping on a farm on Route 2, Tioga.

Dr. P. D. Robason, accompanied by Mrs. Robason, are in Chicago for ten days. Dr. Robason goes to do some special work in his profession, Mrs. Robason accompanying him to take advantage of the cooling breezes on Michigan lake.

Mrs. Mackey Johnson has returned from Childress where she spent a week attending the bedside of her mother, Mrs. J. B. Warren, who has been quite ill, but who is now slightly improved.

William H. Sealy of Kosse, Texas, sends for some extra copies of the Daily Courier-Gazette and Weekly Democrat-Gazette that contain one of his recent articles relatives to the injury to business interests of the state to say nothing of good morals of recently reinstated legal horse race betting. In times past, Mr. Sealy has visited McKinney. Dr. J. H. Cozad, pastor of the First Baptist church here, is an acquaintance and friend of Mr. Sealey. They knew each other when Dr. Cozad was pastor at Mexia.

Editorial Expression

Speaking of the fact that the repeal of prohibition and the legalized sale of liquor have not stopped the bootlegger, at least temporarily, Joseph H. Choate Jr., director of the federal alcohol control administration, says: "We must come to realize that every bootleg sale robs us all, perpetuates the most dangerous types of crime and corruption, and postpones the day of real liquor-control and temperance." Thus, Mr. Choate brings back to us all the question of liquor control. When the Prohibitionists wrote the Eighteenth Amendment into the Constitution, the greatest moral fight in history was brought to a close, legally. Then, came the Prohibition era, which was not altogether as unsuccessful as the "wets" claim and which was not entirely successful either. Now, we have legalized liquor. The real anti-liquorites of the nation have just about quite fighting. This bootleg whiskey proposition and this legal whiskey proposition seem almost hopeless, but if the nation sincerely wants to "get on the wagon" and leave liquor alone, it can do it, easily.

The Democratic state ballot for the July 28 primary in Texas is much shorter than usual. There are not so many candidates as formerly and especially in 1932 when dozens of candidates were seeking the positions of Congressman-at-Large for three places. There are only seven candidates for the Governorship and only a comparatively few for the remaining offices. Some state offices, which normally have six or eight candidates, have only two this time and will be settled in the first primary. The same is true of district and county races in which Collin County voters are interested. The State Senator's race has five candidates, the County Superintendent's four and there are nine candidates for the unimportant position of Public Weigher, Precinct No. 3, at Farmersville. This short ballot will, in our opinion, lead to more intelligent voting throughout the state for the citizenship will not be lost in a maze of candidates and shut their eyes and start scratching names.

According to Judge George P. Brown, the first Methodist Society, organized in Collin county, came into existence in the spring of 1846. The organization was effected in the home of his grandparents, Mr. and Mrs. Joseph Russell, who came from Missouri to Texas, landing here, December 17, 1845. This date was a few days prior to the merging of the Texas Republic into Texas statehood. Collin county was created by the First Legislature in the spring of 1846. Shortly after the organization of the Plano Methodist church society, similar ones were organized in the Bethel community of West Collin and at the home of J. B. Culwell in what is now known as the Cottage Hill community on Honey Creek, twelve miles northwest of McKinney. These churches are, therefore, now from eighty-six to eighty-eight years old.

Former State Senator Tom B. Love in a speech recently before the District W. C. T. U. Institute in Dallas took Congressman Joseph Weldon Bailey Jr., candidate for the United States Senate, to task for declaring through the newspaper: "That he does not want my vote or that of my friends, because, he says, we are dry and fanatical." Continuing Mr. Love says: "This explicit declaration of the faith that is in Mr. Bailey is commendable. He regards Prohibitionists as fanatics, and we know that he would spurn to accept the great office of United States Senator if he had been elected by the votes of fanatics. He also argues that he ought to be elected because Atticus Webb is supporting his opponent and Atticus Webb is a preacher."

J. J. Taylor, "State Press" of the Dallas News, so familiar and well liked by many thousands of readers, will be among those who go to Italy in the near future as member of a party of six Southern newspapermen invited to that nation by Premier Benito Mussolini through Dr. Vitale Gallina, Italian Consul, at New Orleans, to study conditions there, economically, politically and socially, under the new regime of Fascism. Expenses will be born by the Italian government. Writers in the party will be from the Atlanta Constitution, Birmingham News, Houston Chronicle, New Orleans Times-Picayune and New Orleans Item-Tribune as well as State Press.

Judge F. E. Wilcox is one of Texas's most capable judges on any bench. His reputation as a fair and able jurist has spread far and wide, and visiting attorneys often remind us that it is a genuine pleasure to serve under him. It is to the credit of our county that we boast such a conscientious, learned, fair district judge as Judge Wilcox is. He sheds honor on his entire district.

There may not be a surplus of wheat produced this year if the drouth continues. This is one time that a drouth seems to have helped economic conditions. But, it would be terrible if it were to visit us a couple of years in succession wouldn't it?

United States Senator Morris Sheppard of Texas prizes very highly as a souvenir the pin that President Franklin D. Roosevelt gave him the other day with which the latter signed the Federal Credit Unions Bills sponsored by the veteran Texas United States Senator. The new law strikes at the loan sharks and the loan companies that demand exorbitant interest when they lend to working people, whose credit is restricted. The Sheppard law had the support of the President since it was first introduced into Congress. In syndicated newspaper articles published recently by the President's wife, she gave high praise of the credit union as a means of encouraging and helping working people to save.

Are you active in the leading civic organization of your city like the Chamber of Commerce? Are you active in religious affairs and do you take an interest in public schools, or join in other movements for the community welfare? If you don't, how do you expect your ideas to be incorporated in the programs that are being worked out. Your citizenship in McKinney entails something more than merely paying your bills and living to yourself. As a good citizen, you should also bear your part of the community problems and be a really helpful neighbor.

A good study of what farmers think about the Agricultural Adjustment Administration will be made at the Texas A. & M. Short Course, this year, July 30 to August 3, according to plans now being made by A. & M. officials. There will be 3,000 to 5,000 farm men, women, boys and girls present for this course. The general trend of thought on the AAA will be sounded out.

Mr. and Mrs. Roy Kirkpatrick, Mrs. Fannie Allen Mitchell, Alfred Malley Scott Jr., and Miss Dorris Elaine Crockett, daughter of Mr. and Mrs. Ludd Crockett, of Dallas, left Sunday for an extended visit to Yellowstone park and other western points on the Pacific coast. They will be gone some thirty days. They motored through the country.

W. F. (Francis) Nenney, an extensive oil operator with headquarters at Houston and Tyler, spent Sunday in McKinney visiting his mother, Mrs. J. P. Nenney, and sister, Mrs. J. B. Wilson, and other relatives. Mr. Nenney was born, educated and reared in McKinney. He started at the bottom in the oil fields as a laborer, but is now interested in an extensive way in oil production in various parts of the state and in oil land and lease holding.

Gibson Caldwell, president of the Collin County Mill & Elevator company of this city, was shocked and greatly saddened this Monday forenoon by the receipt of a telephone message announcing the death of his good friend and prominent Greenville business man, civic and church leader, A. F. Ritcher, president of the Greenville Mill & Elevator company. Only one day last week, they were together in conference at Dallas. Mr. Caldwell had not heard of his illness, and his death came unexpectedly to his friends at home and elsewhere over the state.

WHAT the New Low Light Rates Mean to THESE CUSTOMERS

MRS. BROWN . . .

I have always wanted to use more electric service. I have wanted to light my home better and to own an electric refrigerator. These dreams can now come true, because of the new low light rates. Hot summer months will not be so miserable now, because fans can be run at such a low cost. How many times has an otherwise lovely dinner been spoiled by a miserably hot dining room? An electric fan will answer this problem.

MRS. SMITH . . .

Additional service at our house will cost us only 3 cents a kilowatt hour. We now have an electric refrigerator . . . and my! what a pleasure it is. We will now be using the electric cooker, toaster and other appliances more than ever before. And I will not have to follow Jim and the children around the house to see that they turn off the lights because additional lighting will cost very little.

QUESTION: What are the advantages of the new light rates to the housewife?

ANSWER: They lower the cost of the service she has been accustomed to using.

QUESTION: Are there any other advantages?

ANSWER: Yes. Every housewife wants to use more electricity. Electrical appliances give her more comfort and pleasure than any other appliances. The "6, 5, 3 and 2 cent" electric rate now permits her to use these appliances more because the additional energy comes at a lower rate. Housewives who have already learned to make the best use of electric service are extremely enthusiastic over the new low steps of 3 cents and 2 cents per kilowatt hour. They can now use double their regular amount of electricity at a small additional cost.

Miss Charity Barlow, aged twenty-five, died at 7:30 o'clock last night. She recently completed her term as teacher in the Josephine schools. She was reared by her uncle and aunt, Mr. and Mrs. G. J. Barlow, in McKinney. Her burial took place at 4:00 o'clock Saturday afternoon in Pecan Grove cemetery, conducted by her pastor, Rev. W. D. Thompson of the First Methodist church assisted by Rev. J. M. Bell of the First Christian church.

Dirt was broken today for the foundation of a new 25x100 foot, one-story brick building for Perkins & Wilson to be ocupied by their paper, the Daily Courier-Gazette and Weekly Democrat-Gazette, in McKinney. The front of the building will be of light colored pressed brick. It will afford modern advantages for these newspapers.

PEOPLE AMAZED AND AROUSED

Let's study the nineteenth amendment just a little. Woman has always been considered as the arch enemy of the saloon; and she has. While the saloon has always been known as the arch enemy of woman and her children. So when the nineteenth amendment went into the Constitution of the United States, following closely the eighteenth, it was the unanimous verdict that the liquor traffic was forever doomed, without hope of resurrection. But alas what did we see. Under the passing of the eighteenth amendment; by the vote of men only, the saloons were put out of business without a single state dissenting; while under the passing of the nineteenth, with the women voting, the saloons were voted back with only one state dissenting. Why and how did it happen. It is very simple.

Through the use of litterly tons of literature, sent out by the various so-called prohibition Reform Organizations, evidently under the supervision of The Association Against The Amendment, and its Legislative Committee, they, the women and the mothers, were made to believe that the bootlegger was far more dangerous than the old-time saloon, and that it was the product of the eighteenth amendment. In addition to the activities of these so-called prohibition Reform clubs, thousands upon thousands of newspapers, and thousands upon thousands of highly trained, and possibly highly payed speakers went upon the stump and vehemently declared that the bootlegger was leading boys and girls to ruin by the million.

By and through the use of these false statements, so persistant-repeated, mothers and fathers were amazed; were confused ;they were halting between fear, uncertainty and doubt, and not knowing just what to do, when the real test came, they refused to go to the polls and vote, not more than twenty-five per cent, or one in four, took part in the fight to repeal. They the fathers and mothers, also evidently believed in their fair and positive promise, that the saloon would not return, the bootlegger would be put out of business, and the boys and girls protected, etc.

And now in just a few months of actual repeal, what do we see. The bootlegger has not been eliminated, but his tribe increased and protected by withdrawing Uncle Sam from the fight. The saloon has returned under a new name and dress, and a thousand times more dangerous than the old-time saloon. Under the old saloon system, only the men over twenty-one were allowed to visit these drinking places, but under the new system of tea rooms, taverns ,etc, everybody old and young can and do go without hindrance, shame or disgrace.

Well the mothers, given the ballot by the nineteenth, now fully realize that they were grossly deceived, and are waiting, working and praying for just one more chance at them. The people are amazed, aroused and determined. The worm is turning.
